League Rules

No Standings

No Slide Tackling

Zero Tolerance (coaches, players, spectators)

7v7 (age groups)

No Heading

Build Out Line will be used

In response to US Youth Soccer Build-out Line Mandate for all age groups

- The Build-out line will be designated as midfield for all fields

- When the goalie has the ball in their hands (and for goal kicks) opposing players must retreat behind the Build-out line

- The goalie can wait until opposing players are behind the Build-out line (recommended) or the goalie can play the ball while the opposing players are attempting to retreat behind the Build-out line

- The goalie can play the ball by throwing, rolling or dropping the ball and using their feet to advance the ball (goalie punts and drop kicks are not allowed)

- After the ball is legally put into play by the goalkeeper the opposing players can cross the Build-out line (or they can stop retreating if the ball is played early) and normal play resumes.

- If the goalkeeper punts or drop kicks the ball the referee will stop play and instruct the goalie to play the ball per the rules (opposing players must continue to retreat behind the Build-out line).
